WORK EXPERIENCE

Gannon University – ITS Department | Erie, PA

November 2025 – Present

Desktop Support Student Technician (Internship)

- Provide **frontline technical support** to students, faculty, and staff across campus; **diagnose** and **resolve hardware, software, and network issues** through in-person support and ticket queues
- Image, reimagine, and wipe Windows devices using enterprise deployment tools; ensure secure, policy-compliant provisioning of university-owned equipment
- Support **classroom technology** across academic buildings, including projectors, smart boards, A/V setups, podium PCs, and lecture hall systems; respond to urgent classroom outage calls
- Assist with **hardware deployments, office moves, and workstation setups**, including cable management, device configuration, network connection verification, and peripheral installations

Amergis Healthcare Staffing | Columbia, MD

June 2025 – August 2025

Desktop Support Specialist (Internship)

- Imaged, deployed, and configured end-user devices across **70+ offices nationwide**, supporting **10,000+ employees**; supported ongoing hardware refreshes and in-office setups with minimal disruption to staff workflows
- Resolved technical support tickets using **ServiceNow**; managed assets and endpoints using **Microsoft Intune, Active Directory, and Absolute** to maintain a secure and compliant IT environment
- **Ensured compliance** with company **security policies** and endpoint standards during device provisioning, contributing to a secure enterprise environment

DALY Computers Inc. | Baltimore, MD

May 2024 – November 2024

IT Operations & Device Support Lead Specialist (Internship)

- Oversaw processing of **80,000+ devices**; managed scanning, testing, cleaning, repairs, and shipping. Achieved a **99% accuracy rate** in tracking, repair records, and inventory organization
- **Managed 100+ interns**; optimized workflow efficiency and quality control across device handling operations
- Supported **IT infrastructure deployments** at Morgan State and Bowie State Universities, configuring networks and installing **500+ devices** across new academic facilities to ensure full operational readiness
- Led allocation and logistics for **50,000+ student devices** across Baltimore City schools; maintained real-time inventory updates in Excel, **reducing discrepancies by 15%** and **improving school IT readiness by 30%**
- Installed and configured **50+ laptops and desktops** weekly at client sites for schools and government offices, providing **on-site tech support**, including **imaging, domain integration, and issue resolution** to ensure seamless device deployment

Asurion | Baltimore, MD

December 2024 – June 2025

Field Technician (Part-time)

- Provided in-home technical setup and support for **smartphones, tablets, laptops, and smart home devices**, contributing to a consistent **100% customer satisfaction** score across **300+ service visits**
- Diagnosed and resolved a wide range of tech issues, including **network connectivity problems, software bugs, and hardware malfunctions**. Achieved a **98% first-time resolution rate** while maintaining professional and effective communication with clients
- Recognized by leadership as the **most improved team member** after rising from the lowest sales rank to the **top-performing technician** in the **entire Baltimore market**, demonstrating exceptional growth, initiative, and dedication
